THIS THESIS WAS TYPESET using \LaTeX , originally developed by Leslie Lamport and based on Donald Knuth's \TeX . The body text is set in 11 point Egenolff-Berner Garamond, a revival of Claude Garamont's humanist typeface. A template that can be used to format a PhD dissertation with a similar look & feel has been released under the permissive AGPL license, and can be found online at github.com/suchow/Dissertate or from its lead author, Jordan Suchow, at suchow@post.harvard.edu. The source code for this dissertation can be found at **TODO: url.**
